## THE CONTRACT HAS BEEN LET

Coates and Robinson of Columbus Will Build New U. P. Church.

The Structure Will be a Fine One—Work Will Begin at Once.

The building committee of the United Presbyterian church met this morning and let the contract for their handsome new edifice to be erected this summer on the southwest corner of Harrison and Seventh streets, to the firm of Coates & Robinson, of Columbus, Ind. The contractors expected to sublet the contract for stone today. While in this city, Mr. Coates stated that he would begin work on the church just as soon as he could bring his men and materials to this city. He expects to be at work breaking ground at least by June 25th.

The new church will be about 70 by 86 feet and will be built entirely of Bedford stone. It will front on both Seventh and Harrison streets, setting back 45 feet from the sidewalk on the west side of Harrison street and 18 feet from the south sidewalk along Seventh street. The church will be of the very latest and most approved pattern. Cement walks will lead up to the entrances of which there will be two, one on the north side and one on the East. The windows will be of fine stained glass artistically constructed and colored. The tower will be octagonal in shape and medium in height. The entire cost of building the church and remodeling the parsonage is estimated at \$25,000.

The auditorium of the new church will be capable of seating 750 people. A fine pipe organ will be added to its equipment. The church will be heated by steam, the plant being in the basement. The basement will be entirely of cement and will contain an assembly room, kitchen and dining room. On the main floor, besides the auditorium, there will be a Sunday school room, pastor's study, choir room, Sunday school library and the church parlors.

There is no doubt but that the church will reflect great credit upon the building committee and the congregation for which it is intended and that it will be one of the most beautiful structures in the city.

## SERIOUS AFFRAY AT CAMBRIDGE

Two Young Men Quarrel and one is Fatally Stabbed—Both of Good Family.

While a crowd of young people were canoeing on Whitewater river near Cambridge City Wednesday night, Vinton Vehr, nineteen years old, was seriously and perhaps fatally injured by William Harvey, seventeen years old, who stabbed him with a small pocket knife. About 8 o'clock several of the young men decided to go in bathing, and when Harvey pulled up to shore and unloaded his party, he accidentally struck Vehr with an oar. It is said Harvey made an effort to apologize to Vehr, but the latter grew angry and threw stones at him. Harvey did not take up the fight but walked away. Vehr, it is asserted, then came to town and, changing clothing, sought Harvey and renewed the trouble. In the fight that followed, Harvey used a small pocket knife. The blade penetrated the intestines and it is feared that the wound will result fatally. Harvey surrendered to the authorities and was placed in jail. He was soon released on bond, however, and his case will come up at the October term of court. Both young men are members of highly respected families.

## LAME HORSES

Should be Protected and Would be, Had the City a Humane Society.

There are a number of lame horses in this city, which should under no circumstances be compelled to haul heavy loads, or even be hitched up. They would not be if this city was possessed of a humane society. Some people have no feeling at all for a beast of burden and are hunting the almighty dollar with a vengeance. There are horses driven every day in this city, which, if they are not too lame, are too poor to be in service. Some of the animals look like they had not seen an ear of corn in six months, but notwithstanding that fact, they haul wagons that in themselves would be big loads, but which are well laden, without a thought for the animal.

## TWO MEN HURT IN RUNAWAY

Horse Scared at an Automobile and Dashes Into a Wire Fence.

While Jacob Gabimer, of New Salem, and a companion named Gause were driving on the New Salem pike Thursday evening, a short distance south of this city, their horse became frightened at an automobile said to have been that of Dr. J. C. Sexton's, of this city, and ran away.

The animal dashed into a barbed-wire fence, smashing the buggy and throwing its occupants into the fence. The horse became entangled in the wire and was badly cut about the legs. Gabimer was cut about the head and side and received a bad gash on his arm which almost went to the bone. Gause was badly cut about the head. The men, it is said, were intoxicated, and as the driver of the automobile signalled the men and slowed down, the blame is not attached to him. The two men returned to this city, one leading the horse and the other riding with a friend, who happened along in a buggy. Their injuries were dressed and they left for New Salem.

## O'CONNELL SEEMS TO BE UNPOPULAR

As Yet There is But Little Change of Straightening Out Oil Company's Affairs.

The Laurel correspondent to the Brookville American sums the oil situation at Buena Vista up from a local standpoint as follows:

"O'Connell, the oil well promoter, has again broken his promise to the minority stockholders of the oil company. All they asked was for O'Connell to show the books so they could see how much money had been collected, how disposed of, how much stock sold and who owns it. The situation is this: The gentlemen who financed the affairs, out of the thirty thousand shares issued, own only 6250 shares and the gang who furnished nothing but gall, own 23,750 shares, practically paying for 'horse' with them in regard to the books, but the minority stockholders own the rig by purchase and have possession of the oil well and have it plugged up. The people here have been through something like this before and the saddle marks of former 'horseplays' are still too fresh to stand much monkeying from a man of O'Connell's caliber, and he might as well make up his mind to play fair." The minority stockholders are all good men and citizens of the county and can be depended upon. They have determined to have their rights.

## WORK ON THE I. & C. TRACTION

The Schedule Will be Reduced About the First of July.

The Work at Prospect Street—Line is Prosperous—The Connersville Extension.

Superintendent Anderson, of the Indianapolis and Cincinnati Traction company says that the work of grading Prospect street at Indianapolis is pushed rapidly and will be completed about July 1st. As soon as the work is done, Mr. Anderson says the running time on the Rushville division between this city and Indianapolis will be reduced to one hour and fifty minutes and a car will leave each terminal every hour, commencing at 5 a. m. and ending at 11 p. m. It is the intention to place the Rushville line in complete and satisfactory running order before work is begun on the Connersville extension. When work does begin on the Eastern line it will be pushed as fast as possible, large forces of men being stationed at different points along the right of way and kept working as rapidly as possible until the line is completed.

At a called meeting of the Traction company in the Traction Terminal building at Indianapolis, plans for the extension of the line to Connersville were formulated. Plans for the merger of the company with the Indianapolis, Shelbyville & Southeastern Traction company were also perfected. Although the Indianapolis & Cincinnati Traction company owns the entire capital stock of the Shelbyville line, and has operated that road for two years, the two companies have hitherto kept their identity as separate corporations. The plans, however, are not yet complete regarding the extension and cannot be given out at this time.

Splendid progress is being made with the work at Prospect street, Indianapolis. A difficult piece of engineering is being done under the Big Four viaduct. One of the massive stone trestles is being extended farther into the ground without being taken out and without interfering with traffic. Large drains are being placed under the I. & C. tracks.

That the I. & C. is becoming popular with the people is shown in the fact that on the steam road accommodation yesterday morning just four passengers were carried from points between this city and Indianapolis. Three of these were from Rushville and one was from New Palestine. The 7:30 car on the I. & C. left this city yesterday morning with 54 paid passengers through to Indianapolis. When the car reached Indianapolis it carried ninety passengers. The officials say that this is an exception, however, as there was a large number of ladies on board making the trip to Indianapolis in a body.

## NOW FILES SUIT FOR SUPPORT

Another Sequel to the Troubles of the Howells at Carthage.

Another sequel to the troubles of the Howells at Carthage, who now figure in a divorce suit in the Rush circuit court, was made known today, when Mrs. Ona Howell, through her attorneys, Megee and Kiplinger, filed suit against Lewis Howell, her husband, for support.

Mrs. Howell says that she is physically unable to care for her five children, and she asks that part of her husband's property be sold to provide for them until the divorce suit is tried and settled.

## MAP DRAWN IN 1826.

Showed no Railroad But One Projected From Brookville to Brownstown.

The Greensburg Daily News published a brief sketch of a leather-bound well preserved pocket map, drawn in 1826. It says in part:

Not a railroad on the map but some projected route are shown, one being from Brookville to Brownstown. The towns then in existence, in this part of the State, of sufficient size or importance to acquire a place and name on the map are Vevay, Lawrenceburg, Madison, Brookville, Connersville, Columbus, Brownstown and Indianapolis.

The only marks in this county are the letters spelling Decatur and those showing course of running streams. Greensburg, Rushville, Shelbyville, Franklin, Seymour, Vernon, Versailles and Osgood were ignored for want of existence.

## RAIN STOPPED GAME IN SEVENTH

Rushville Loses to Greensburg—Three Base Hit Did the Business.

The local team was blanked in a six-inning game at Greensburg yesterday. The game was stopped in the first half of the seventh inning by rain. Greensburg passed three men over the plate in the third inning on a three base hit by Waybright. Rushville had an excellent chance to score in the fifth inning with two men on base and two outs, but Donnell fanned the next. The two teams are playing this afternoon. Wagner went to the rubber for Rushville, and Doc Newton, of the New York American League team, was in the box for Greensburg.

Score in yesterday's game:  
1 2 3 4 5 6 —R H E  
Greensburg 0 0 3 0 0 0 —3 4 2  
Rushville 0 0 0 0 0 0 —0 1 1  
Batteries, Donnell and Hunché, Coons and Morgan; three base hit, Waybright; stolen base, Reggy; struck out by Donnell 7, Coons 8; passed balls, Morgan 1, Hunché 1; bases on balls, off Coons 1; hit by pitched ball, Waybright; attendance 700; time, 1 hour; umpire, Mike Devanney of the Southern League.

## Today's Game.

The game today resulted in a victory for Greensburg. The local team was unable to connect with Falls' curves at opportune times. A costly error on the part of the locals and opportune hitting by the visitors gave them the game.

Score 1 2 3 4 5 6 7 8 9—R H E  
Rushville 0 0 0 0 0 1 0 0—1 3 1  
Greensburg 1 0 1 0 1 0 0 0—3 5 4  
Batteries, Wagner and Morgan, Falls and Hunché; time, 1:23; umpire, Devanney; attendance, 600.

## RUN OVER BY A MILK WAGON

Master Dwight VanOsdol Suffers a Broken Leg This Afternoon.

Dwight, the little son of Dr. D. D. VanOsdol and wife, met with a painful accident about four o'clock this afternoon. He was riding with the milk boy, and in trying to get out he fell and the milk wagon passed over him, breaking his leg.

Greeley Perkins was tried for intoxication this morning in Mayor Hall's court, and found guilty. He was sentenced to imprisonment in the county jail for ten days.

## THE SUMMER INSTITUTE

Two Interesting Sessions Were Held Today at the Assembly Room.

Attendance Not as Large as Expected—Interesting Talks by Speakers.

The Summer Farmers' Institute, which was held today at the assembly room of the court house, was well attended. Both the morning and afternoon sessions were very enjoyable. The morning session opened with prayer, followed by a piano duet by Misses Buell and Wright. The first talk was given by Prof. W. C. Latta, of Purdue University, and was very interesting. Miss M. M. Mathers, of Normal, Ill., followed Prof. Latta with a talk on "Education for Home Making," in which Miss Mathers displayed not only a broad scientific education, but also a most interesting personality. The closing talk was given by Mrs. Virginia C. Meredith, on "House Furnishing."

Mrs. Meredith is quite well known in this vicinity, having formerly lived in Cambridge. She is the widow of Solomon Meredith, who owned a large cattle farm near Cambridge City, and after his death, Mrs. Meredith took charge of the farm and carried on the business successfully. Mrs. Meredith attended the University of Minnesota, and enjoys a national reputation as a lecturer on farm life and domestic economy. Music was furnished at the morning session by the High School Glee club.

At the afternoon session, Mrs. Aldridge and Mrs. Edgerton played a piano duet. Mrs. Meredith gave a second talk on "Home Administration," and Miss Mathers gave an illustrated talk on "The Principles of Cooking." A solo by Mr. Carl Morris was enjoyed. The meeting closed with a talk on "The Junior Partner on the Farm," by Prof. Latta. The meeting was thoroughly a success and was enjoyed immensely by those who attended.

## HORRIBLE MURDER AND SUICIDE

Insane Man Killed His Wife and Then Himself at St. Paul This Morning.

The residents of the little village of St. Paul were horrified about 2 o'clock this morning when they were aroused from their slumbers by the news that a murder and suicide had been committed in their midst. William Boardman, aged 40, a stone cutter by trade, murdered his wife in her bed and while she was holding their babe in her arms and then he turned the gun against his own head and shot himself to death. Boardman and his family lived in the central portion of St. Paul.

For several months Boardman's wife had noticed that at times he was mentally unbalanced, but as his misfortune consisted mostly in muttering and shaking his head she had not been afraid of him doing anything so horrible to his little family, which consisted of a wife and four children, the youngest of whom was only two years and the oldest seven. There is a great excitement in St. Paul today. The people are shocked by the tragedy.

In Mayor Hall's court yesterday evening, Greeley Ferguson plead guilty to the charge of intoxication, and was fined \$1 and costs. The fine was stayed.

Henry Brown plead guilty in Mayor Hall's court today to the charge of intoxication and was fined \$1 and costs. The fine was stayed.

## BLOODHOUNDS FOR LAUREL

The Dogs Will be Put in Training and Will be Known as White Water Hounds.

The Connersville Examiner says that the town of Laurel is to be supplied with two fine blood hounds that are to be put in training and kept for the express purpose of assisting in running down a clue in any mysterious criminal work that might occur in this section.

The dogs have been purchased by Chas. Hermann, a prominent citizen of Laurel, and are expected to arrive there in a few days. They will be known as the Whitewater hounds and are expected to be put in working order within the next few weeks.

## CITIZENS OFFER A BIG REWARD

Little May Hill of Shelbyville is Thought to be Slightly Better Today.

Little May, the four-year-and-six-months-old child of Mr. and Mrs. Charles Hill, of Shelbyville, who was struck on the forehead with a sand bag Wednesday morning about 9 o'clock, was still unconscious yesterday evening. Her physician, however, thinks she is improving slightly.

The Shelbyville city council yesterday appropriated \$200 to employ a detective and the county commissioners will be asked to appropriate \$500 more. Citizens and factory hands will increase the amount to \$2000.

## SHIPMAN GETS JUST TEN DAYS

Judge at Richmond Changes His Sentence in Case of Knights-town Boy.

W. K. Deem, stepfather of Ray Shipman, of Knightstown, who was sentenced to six months in the county jail at Richmond upon entering a plea of guilty to the charge of petit larceny, went to Richmond from Knightstown Wednesday afternoon to investigate the matter. Mr. Deem was of the opinion that his stepson should have been permitted to have notified his parents before being tried for the offense. The boy is 17 years old and has never been in trouble before. Mr. Deem believed that six months in the county jail was a trifle harsh considering the offense.

Thursday morning after further investigation the case and finding the past record of young Shipman to have been faultless, Prosecutor Jessup, of Wayne county made a motion in the Richmond city court for a new trial for the young man. This was granted by Acting Judge Converse and Shipman was arraigned on the same charge. A plea of guilty was entered and the leniency of the court was asked. A fine of \$5 and a sentence of ten days in jail were imposed.

## A WISE THING

Shelbyville Liberal.

The great number of tramps that have infested this city of late has set wiser heads of the council to thinking and they are just about ready to buckle down to an attempt to establish a stone pile in this city. The new laws, it is said, give strong backing to such an enterprise and a committee will report on the plan at the next meeting of the council. In case such an institution finds lodgment here tramps and hobos will be as scarce as hen's teeth, for they flee from such a place as they would from the plague.

## COL. TACKETT IS ELECTED

Greensburg Rallied to Support of Its Man and Defeated J. M. Barlow.

W. T. Jackson, of this City, Elected a Member of Administration Council.

M. D. Tackett, of Greensburg, well known in Rushville, was elected Commander Indiana Department G. A. R. at Madison yesterday, amidst the wildest excitement. His opponent was James M. Barlow, of Plainfield, up to Wednesday night, had everything his own way. A large delegation arrived from Greensburg and effected an organization for Tackett that was so perfect that it almost had control of the meeting. A strong fight was made against Barlow on the ground that he was only a three-months' soldier, while Tackett served three years.

In addition to the election of Tackett his friends put through a motion that the committee on resolutions hereafter shall be appointed by a committee from the thirteen congressional districts, instead of by the department commander.

The usual order of electing officers was reversed. The first elected was the following council of administration: John D. Alexander, Bedford; Andrew Fite, New Albany; W. T. Jackson, Rushville; William M. Cochran, Indianapolis; George W. Knapp, Brook.

The following were elected delegates to the national convention: Delegate-at-large, R. M. Smock, Lafayette; district delegates: First, J. D. Carody, Evansville, and E. J. Harris, Petersburg; Second, R. Henry, Gosport; Third, James L. Miller, Jeffersonville; Fourth, John H. Shambach, Madison; Fifth, M. C. Rankin, Terre Haute, and E. D. Litze, Marshall; Sixth, W. H. Rock, Greenfield, and E. J. Limpus, Shelbyville; Seventh, W. M. Cochran, Indianapolis; Eighth, S. B. Gaaset, Muncie, and George L. Gigher, Ridgeville; Ninth, B. F. Crabbes, Crawfordsville, and George Newkirk, Greensburg; Tenth, J. D. Gallagher, Williamsport, and James McBeth, Monticello; Eleventh, John A. Clevenger, North Manchester, and William H. Wilson, Wabash; Twelfth, S. M. Hench, Ft. Wayne; Thirteenth, Jonathan Pickere, Argos, and John Peterson, Warsaw.

Following the choosing of delegates, these officers were elected: Medical director, Dr. Warren R. King, Greensburg; chaplain, the Rev. Lewis King, Columbus; junior vice commander, Amos R. Walters, Ft. Wayne; senior vice commander, John M. Ham-mell, Madison. Then D. M. Tackett, of Greensburg, was elected commander, as already stated.

Following are the newly elected officers of the Woman's Relief Corps: President, Mrs. Nettie Wink, Knightstown; senior vice president, Mrs. Lydia Swift, Indianapolis; junior vice-president, Sue W. Hart, Elkhart; treasurer, Dr. Mabel Teague, Indianapolis; secretary, Miss Minnie Wink, Knightstown; inspector, Mrs. Lola Calvert, Scottsboro; councillor, Mrs. Malissa Caylor, Noblesville; installing officer, Mrs. Maude Howard, Montpelier.

The Ladies of the G. A. R. elected the following officers: Department president, Sue M. Beals, Ft. Wayne; senior vice-president, Eliza Browning, Indianapolis; junior vice-president, Caroline Banks, Indianapolis.

## AMUSEMENTS

One of the best plays for its kind ever presented in this city by a repertoire company was "Kentucky '61," which was presented under canvas at the ball park last night by the Crescent Comedy company. The cast was admirably adapted to the piece. Ira Herring, as Col. Dudley, the villain, was very good. In fact, there was not a bad character in the play. The company continues to draw large crowds. Tonight the bill is "Utah."

## The Keystone Hay Loader is the Best

It goes over back furrows, into dead furrows, and up and down hill, revolving toward the hay and taking it up in the same easy and thorough manner as on level ground. The loads will neither thrash, tangle nor bunch, and free from trash and rubbish gathered from beneath the stubble. It goes from swath to windrow, works without adjustment and handles, either way in windrow or swath. No Loader on earth will do better work. Come and see this before you buy, the price is right. It costs nothing to look.

## MOWERS. & HAY TEDDERS NONE BETTER.

I sold ten of these mowers last year and never had a complaint. Some of them cut 150 acres and never stopped for any thing. I will give you my word that this is the best mower on earth. It will cut in any grass that grows, will save more hay to the acre than any mower made today. You don't give any order for this mower. You settle with J. W. Tompkins; I buy this mower straight, and sell to who I please. If this mower don't give the best of satisfaction you can return it and get your money back. This mower will cost you from \$5 to \$7 less than any mower on the market. Any parts of this mower you can get of any McCormick agent, the McCormick repairs will work on this mower. Don't go and give from \$5 to \$10 more for some other mower which is not as good as this.

## BUGGIES AND SURREYS.

I have a large line of them which I am going to reduce in the next thirty days. If you are thinking about getting one, now is your time. You can save money by calling on J. W. Tompkins. I have anything you want in the buggy line, if I have nothing in stock to suit you, I can get it in a short time. This is your chance to save money; nothing better in the city. I also have

## Hand-Made Buggy Harness

Which will go with buggy at about cost. I am going to sell this stock out if I can get enough in the next thirty days. This is the chance for you.

RUSHVILLE, IND., JUNE 16, 1905.

Russia has learned a severe lesson and she will probably be less arrogant and will no longer seek to play the role of shaper of world destinies, but the world will be none the worse for that. The chief mission of Russia will be to reshape its own institutions, and if this is done wisely the war will be viewed as a Russian blessing before the end of the present century.

Chicago university professors have settled nearly every kind of governmental problem, and yet they are unable to settle the teamsters' strike. By the way, the teamsters' strike seems to have worn itself out. Everybody seems to be tired of it, even the enthusiastic sympathizers. The outcome of the strike is the same as in most all strikes—a lot of workmen with large families to support, have lost nice jobs.

## A FORWARD STEP

### Peace In the Far East Is Daily Growing Nearer.

#### WASHINGTON SELECTED

America's National Capital the Seat  
of Negotiations Between  
Plenipotentiaries.

Only Logical Solution of the Problem  
Presented to Belligerent  
Governments.

Washington, June 16.—America's national capital has been selected as the seat of negotiations between the plenipotentiaries of Russia and Japan for a treaty of peace. The choice of Washington as the location of the peace conference marks another forward step in the negotiations toward ultimate peace in the far East instituted by President Roosevelt.

Official announcement of the selection of Washington was made by Secretary Loeb at the White House. It read as follows: "When the two governments were unable to agree upon either Chefoo or Paris, the president suggested The Hague, but both governments have now requested that Washington be chosen as the place of meeting, and the president has accordingly formally notified both governments that Washington will be selected."

This statement was supplemented shortly afterward by a semi-official announcement that "after meeting and organizing the plenipotentiaries of the two governments, if it should be found to be uncomfortably hot in Washington, may adjourn the meeting to some summer resort in the North and there continue their sittings until such time as the weather in Washington shall be more comfortable."

Now that some of the details of the negotiations, which have been pending for more than two weeks, are known, the selection of Washington is regarded as the only logical solution of the problem presented to the belligerent governments.

In view of the selection of the seat of the conference, it is expected that within a few days at most, Russia and Japan will announce formally the names of their respective plenipotentiaries. It is deemed likely, also, that, coincidentally with the announcement of the plenipotentiaries an agreement will be reached as to the time of holding the conference. While the date is not so important a detail as the place, it is of particular concern, especially at this season, not only to those who are actively to participate in it, but also to diplomatists generally who are accredited to this capital. A mid-summer conference anywhere so prolonged as a peace conference is likely to be, is not regarded with entirely pleasant anticipations. It is indicated, however, that the proposed conference is scarcely likely to be convened before the middle of August and perhaps not until a later date. It may be July 1, possibly a little later, before the arrangements for the meeting of the plenipotentiaries finally are completed. Both Russia and Japan are moving with the utmost deliberation, for the game of diplomacy now being played is of even greater importance to each government than are the movements of the armies on the battlefield. It will require at least a month for the negotiators of the two governments, with their respective staffs to come together, the distance from Japan, particularly, being so great that a shorter time scarcely could be allowed.

Prior to the formal assembling of the conference, it is probable, if precedent be followed, that a peace protocol will be negotiated. The making of the protocol will take place before the declaration of a formal armistice. It has not been learned yet who will be authorized by the Russian and Japanese governments to arrange and sign the protocol. The negotiations regarding it probably will be conducted in Washington, and it is regarded as likely that the respective diplomatic representatives of the belligerents will sign the document on behalf of their governments.

It is too early yet to definitely announce what arrangements may be made here for the holding of the conference. It is the custom for the government at whose capital such negotiations are conducted, to provide a suitable place and to furnish the negotiators with adequate facilities for the transaction of their business. President Roosevelt is gratified that the arrangements of a preliminary nature have been completed without undue friction. He would have preferred that the conference be held at The Hague, although the selection of Washington naturally is complimentary to him personally and to the American government.

It is well understood that the Japanese government will not make known prior to the assembling of the plenipotentiaries the terms on which she will be willing to conclude peace. The Japanese emperor is known to desire that when peace is concluded it shall be coupled with reasonable assurances of its permanency. Among well-informed diplomatists it is deemed

probable that Japan's terms, once they are stated, will be regarded by the world as reasonable and likely to be acceptable to Russia.

#### BRITONS PLEASED

Washington's Selection Regarded as  
Compliment to Roosevelt.

London, June 16.—The acceptance of Washington as the place for the conduct of peace negotiations is regarded by the London newspapers as a great compliment to President Roosevelt's diplomacy and as a further proof of the growing influence of the United States in international politics. Moreover, it is felt that Japan would not have proceeded thus far unless convinced there was a reasonable prospect of the negotiations bearing fruit. It is therefore concluded that Japan has resolved to propose moderate and reasonable terms. Altogether the situation is regarded as much more hopeful than it was twenty-four hours ago, and, as the Daily News remarks in commenting on "one of the most momentous diplomatic actions of modern history," "humanity waits for the treaty of Washington."

The Daily Telegraph similarly refers to "the novel part played by the president" and expresses satisfaction at the selection of diplomatists instead of soldiers to conduct the negotiations, because there will be less chance of wrangling over military positions. The Daily Telegraph further says there is reason to believe that the Japanese demands will astonish the world by their moderation.

In view of the Daily Telegraph's position as a mouthpiece of the government, this latter statement is important. Little attention is paid here to the sensational stories of European complications, especially concerning France and Germany.

The Daily Telegraph says that if peace can be established firmly in the far East, "there is nothing in the relations of the European powers which ought to alarm us." Other papers express similar disbelief regarding these rumors. The question of an armistice excites keen interest, and the practical cessation of all news from the Manchurian battlefield is being considered the harbinger of another tremendous struggle.

#### Diplomatic Victory for Japan.

Paris, June 16.—The choice of Washington for the meeting of the peace plenipotentiaries gives general satisfaction here, as it is considered the appropriate result of President Roosevelt's initiative. Diplomats are inclined to take the view that the selection of Washington is the first diplomatic victory for Japan as Russian influence favored a European point, while Japan was opposed to a meeting in Europe. Baron Rosen, who will succeed Count Cassini as Russian ambassador at Washington, declined to comment on the selection, for the present at least. The departure of the baron is still fixed for June 28, but the choice of Washington may result in advancing the date, as his sojourn in Paris is a matter of personal convenience.

#### Russia Waking Up.

St. Petersburg, June 16.—The Nashashin demands a businesslike accounting of the money subscribed to rebuild the Russian fleet, saying: "Enough of concealed abuses. Great names are no longer guarantees."

#### Significant Resignations.

St. Petersburg, June 16.—Grand Duke Alexis, the high admiral, who is an uncle of the emperor, and Admiral Avellan, head of the Russian admiralty department, have resigned.

#### Chinamen at West Point.

West Point, N. Y., June 16.—For the first time in the history of the military academy, representatives of the Chinese empire have been admitted as cadets in the institution. The two young Chinamen, under special act of congress, will receive instructions with the class of 145 candidates just received as cadets.

### NOW IS THE TIME FOR HYOMEI

Far Easier to Cure Catarrh Now Than at Any Other Season.

Now is the time to use Hyomei, when the early summer days make it so easy to cure catarrhal troubles. The Hyomei treatment, breathed for a few minutes three or four times a day in May or June, will do good twice as quickly as it did in January, and nearly everyone knows that used faithfully then, it completely rids the system of catarrh.

Hyomei is a purely vegetable preparation whose active curative properties are given off when it is breathed by the aid of the pocket inhaler that comes with every outfit. It destroys all germ life in the air passages, purifies the blood by supplying additional ozone, and its healing, volatile, antiseptic fragrance reaches every corner of the respiratory tract as no medicine taken through the stomach can possibly do.

The complete Hyomei outfit costs but one dollar, and consists of a neat inhaler that can be carried in the purse or vest pocket and will last a lifetime, a medicine dropper, and a bottle of Hyomei. Extra bottles of Hyomei can be procured, if desired for fifty cents.

At this season of the year when catarrhal troubles can be so quickly and readily cured, the merits of the Hyomei treatment should be carefully investigated by everyone and a complete outfit should be in every home. F. B. Johnson & Co give their personal guarantee with every Hyomei outfit they sell to refund the money if it does not give satisfaction. There is no risk whatever to the purchaser of Hyomei.

## SADTALE OF GRAFT

Greatest Scandal Chicago Has Ever Seen Gradually Coming Out.

### STARTLING RESULTS

Are Promised as the Outcome of Sensational Evidence Given by One Who Is on the Inside.

Entire Scandalous History of Dealings Between Employers and Labor Unions.

Chicago, June 16.—The greatest scandal Chicago has ever seen, according to State's Attorney Healy, is to follow the disclosures made before the grand jury by John C. Driscoll when the former secretary of the Associated Building Trades and Coal Team Owners' association revealed the entire history of the dealings between employers and union labor leaders, particularly that branch of union labor represented by the Chicago teamsters' union.

State's Attorney Healy declared that the bribery and conspiracy charges dropped into comparative insignificance beside the accusations which have been brought to the attention of the grand jury. The state's attorney said:

"More serious offenses have been committed than bribery and conspiracy, and the evidence presented to the jury has been of an extremely sensational character. It is very important and will lead to startling results. The names mentioned by the witnesses are those of prominent men on both sides. If I thought there would be no results from this investigation I would call a halt immediately. I believe the present line of inquiry will occupy the attention of the jury for the remainder of this week and a portion of next, but if necessary all the docket cases will be sidetracked because of the great importance I attach to the present inquiry."

Today witnessed the gathering before the grand jury of twenty or more of the prominent business men of Chicago, together with leading members of the bar. Charges of a serious kind are said to figure in the evidence in connection with which these men have been summoned.

John C. Driscoll was the chief witness before the grand jury, and recited what he called the history of the dealings between employers and union labor. Driscoll told how the coal teamsters and coal team owners had made the first joint trade agreement, which provided that the owners should employ only members of the coal teamsters' union, and that the members of the union should work for no employer not a member of the Coal Team Owners' association. The effect of this arrangement, the witness declared, was to force every coal wagon owner into the Coal Team Owners' association and every coal wagon driver into the teamsters' union. The owners behind this provision that barred union drivers from working for men not members of the association and prevented non-union drivers from driving coal wagons, raised the cartage rates of coal from 30 to 50 cents a ton for short hauls and to as high as \$1 a ton for longer hauls. Driscoll took before the jury several check-books which, together with the cancelled checks, are expected to prove many of the charges made by him against business men and labor leaders.

It was evident by the appearance of the state's attorney and members of the jury at the time of adjournment that Driscoll had given some very remarkable testimony. Both State's Attorney Healy and his assistant, Mr. Fake, and several members of the jury were highly agitated, and they admitted passively that evidence of the gravest importance had been given, but everybody was sworn to secrecy. Driscoll also was much agitated as he left the criminal court building. He refused, however, to discuss the nature of his testimony, merely saying: "I told the jury about strikes in which I have been involved for several years, and also told what I knew about the present strike. That is all I can say now."

## The Daily Republican

RUSHVILLE, IND., JUNE 16, 1905.

### LOCAL BREVITIES

Mrs. Mary Cline is dangerously ill at her home on North Harrison street.

Edwin C. Johnson and Zella Ralston have been granted a license to wed.

Street Commissioner Barrett again has his force at work cleaning the down town streets.

Last week Ernest Powell, of Anderson township, sold a span of mules to Ira Carmel, of Hope, for \$500.

Frazier Johnson, who is confined to his home on North Perkins street by sickness is not yet able to be out.

Miss Florence Pearson underwent a severe operation at Sexton's sanitarium last evening, and is reported as doing fairly well today.

The Rushville Natural Gas company is developing a splendid field near Gwynnville, Shelby county. All of the wells are good ones.

Mr. and Mrs. George H. Caldwell, who have been living on West First street, are now occupying the Kennedy property on Willow street.

Levi Bookwalter, one of the oldest business men in Shelbyville has now retired from actual business life and will spend the remainder of his days in rest.

Claude Osborne, an employe of the Rushville Steam laundry, has moved his family from Shelbyville to this city and will occupy a part of Rich Reed's house on West Fifth street.

Mrs. Laura Bechtol, who is insane as a result of the excessive use of morphine, has been admitted to the East Haven hospital at Richmond and will be taken there on Monday.

Matt Clark was taken before Mayor Hall this afternoon and plead guilty to the charge of drunkenness. He was fined \$1 and costs. The fine was stayed.

All members of the Martha Poe Chapter No. 143 O. E. S. are requested to be present at the memorial services to be held at 7:30 this evening at the Masonic Hall.

A horse driven to the delivery wagon of the city bakery by Walter Jones, became frightened and ran up Main street this morning, but was stopped before any damage resulted.

Mrs. Lillie S. Armstrong, of Jackson, Mo., underwent a successful operation for the removal of a tumor at Sexton's sanitarium last evening. She rallied from the effects of the chloroform and is doing well today.

Richmond Item: The condition of Jesse Stevens, the street car conductor, who was injured in a fall from a car a short time ago, is rapidly recovering from the effects of the accident and will soon be able to be out.

The Lawrence Press says that a corps of Salvation Army workers has left Pittsburgh in a boat loaded with Bibles, tracts and other religious literature. The boat will stop at every town along the Ohio until Louisville is reached.

The Cambridge Natural Gas Co. is putting down several new wells in the Rush county field. Many of the old wells are yet strong and the company feels that they will have plenty of gas for domestic purposes for some years to come.

Connersville News, Wednesday: Dr. Frank Green and J. D. Case, of Rushville, spent the day in the city, the guests of Dr. E. Derbyshire and wife. The trip was made in an automobile and only forty minutes was consumed in making the journey.

When she discovered burglars trying to pry open a window at the home of Albert Pile at Marietta, Shelby county, Alta Beatty snatched a revolver from a dresser drawer and fired three shots at the would-be robbers. Blood was found near the window and one of the men was evidently wounded.

Curt Gosnell will ship his string from Cambridge City to Lima, O., within the next few days, where he will remain until he opens his campaign. He will take with him seven of his thirteen horses, and will start several of them at the Lima meeting and from there he will go East.

According to the Laurel Review, Laurel is a bad town. The Review says: It has become a common event for various inhabitants of the town and surrounding country to observe Sunday as a day for drinking and carousing. The marshal has issued a notice that such work positively be stopped and with this warning a vigorous prosecution will be begun of all future offenders along these lines.

F. D. White, formerly of this paper, who has been representing the Indianapolis News, at Connersville for the past few weeks has gone to Richmond to continue his work for that paper. Mr. White was at one time employed on the Connersville News and more recently on the Brookville American. He has had splendid success as a solicitor and the Indianapolis News made a good move when they secured his services.

Shelbyville Republican: John Marsh on Wednesday arrested Thomas Worthington, of Rushville, on the charge of intoxication. He was brought before Squire Isaac Keith this morning to answer to the charge and he plead guilty and then begged so hard to be turned loose; saying that he was broke and could not pay his fine. The Squire assessed him \$9.80 and then sent him to jail for ten days so that he will be in good condition when the harvest days begin.

Morristown Sun: The second annual picnic of the fraternal orders of Morristown will be held at Blue River Park on Sunday, July 2d. Rev. Teyis, of Rushville, has been invited to preach a sermon in the forenoon and Mon. Union B. Hunt to deliver an address in the afternoon. All lodges of neighboring towns are invited to be present and enjoy a day's outing in the true spirit of fraternity and good will. The I. & C. Traction company management has agreed to provide special service for the day by running extra cars from Shelbyville, Indianapolis and Rushville.

Do your clothes look yellow? If so use Red Cross Ball Blue. It will make them white as snow. 2 oz. package, 5 cents.

## HARGROVE & MULLIN

### FOR GOOD FLOUR

To run you until harvest you had better get "INDIANA PRIDE" or "PURITY". We are in a position to furnish farmers with flour and take wheat for same at harvest. Also have arrangements so that the farmers who have wheat in the mill for flour can get flour down town and will not have to drive to the mill. Remember, we give best grade flour in exchange for wheat. We ask a trial from all.
